15 April 2008

Dear Simon Mtuy,

We are pleased to confirm that you have set the new Guinness World Record for 'Fastest unsupported ascent-descent of Kilimanjaro' and a certificate to commemorate has been sent to you by post today.

Details of your achievement have been entered into our records as follows:

The fastest solo unsupported ascent-descent of Mount Kilimanjaro was completed in a time of 9:21.47, by Simon Mtuy (Tanzania) on 22 Feb 2006.

Although the certificate does not automatically guarantee an entry in our world-famous annual book, we do consider all new records for inclusion in all future Guinness World Records publications and products.

As an official record holder, you can request further certificates and find out all about using our logo and trademark to let everyone know about your achievement or for any other commercial purpose. To find out more, please go to www.guinnessworldrecords.com, log in and select claim 211454.

Welcome to the very select club of Guinness World Records holders. To join our fantastic community website, upload your videos and post your comments, please visit www.guinnessworldrecords.com/community and let everyone see your brand new record!

Yours sincerely,

Mariamarta Ruano-Graham
